Rural Electrification Discussed By M.D.

Rural electrification was one of the principal topics discussed at the meeting of the Mountain View M.D. Council held at Didsbury on Monday.

Mr. Gale, of the Calgary Power Co., in interviewing the council, stated that under the post-war re-construction scheme for rural electrification, the Dominion Government had urged that several experimental projects be established and that the area adjacent to Olds had been selected for one of the projects. It is proposed to run line 11 miles east and 8 miles west of Olds between Town 35 and 36 with feeders line running north and south. The average length of line between farms must be not greater than ½ mile with a maximum length not to exceed 1½ miles.

A contribution towards the cost of construction by the farmers who proposed using the power would be \$100.00, to be collected before construction started.

The minimum monthly charge for power would be \$5.00 per month, which would include 20 kw. hours of energy, and all energy in excess of 20 kw. hours would cost 2c per kw. It is necessary that 100 subscribers be obtained to make the project successful.

The council agreed to give the project their support.

Arrangements were made, subject to the consent of the minister, for the sale of two quarter sections of land which the Municipality hold under tax recovery proceedings.

An application for exemption of taxes on a soldier's farm property was refused. This property was acquired in March of 1944, while the soldier enlisted in 1942. The property, therefore, was not the soldier's home property prior to enlistment, and not eligible for exemption.

It was reported that graveling had started on the secondary road east of Olds, and it is hoped that considerable gravel would be laid during the month. Progress in grading had been very slow on account of the wet weather, but all graded crews were operating at present.

Grants were made of \$75.00 to the Crossfield Fish & Game League, towards the campaign against predatory birds; \$200.00 to the Canadian Institute for the Blind; \$150.00 each to the Didsbury and Olds Agricultural Societies.

The secretary was instructed to purchase 1000 pounds of sodium chloride for weed eradication, and the weed inspectors were instructed to insist that farmers mow the road allowance adjoining their farms.

A report was made of a pound sale made by Pound Keeper Earl Dodd, at Olds.

Four tax consolidation agreements were approved, and accounts and work sheets were passed.

Tax Rate Set.

The mill rate took a decided upward swing when the rate was set at the council meeting on Monday evening.

The municipal rate, which now includes the social service tax, was set at 14 mills as against 11 mills last year.

The hospital tax, which is levied for the first time, was set at 5 mills.

The school rate was set at 26 mills, as against 17 mills last year.

The increase is partly due on account of the assessment having been reduced by \$50,000.00.

The increase in the school rate however was principally due to the fact that the appropriation asked by the School Board has been increased from \$14,000.00 last year to \$19,000.00 this year.

W.D.'s Assist

In Invasion

In the invasion of Europe, members of the R.C.A.F. Women's Division were "in there punching" with their Canadian brothers in the navy, army and air force.

Airwoman S. V. McKee, Edmonton, and M. E. Peck, Winnipeg, joined their work as wireless operators (ground) at a Canadian bomber station. One Canadian girl who has a highly secret job is A.W. E. B. Austin, Didsbury, Alberta, who relays traffic to and from Bomber Command headquarters as teletype operator in the signals office.

AW. E. W. Gray of Cranbrook, B.C., is one of a group of W.D.'s responsible for preparing food on Canadian Stations in Britain

Beef Calf Club To Hold Field Day

The postponed Beef Calf Club Field Day will be held at the Ed Kilinch farm this Saturday, July 8th, when the West, Didsbury, Carstairs, Madden and Grainger clubs will meet.

Besides judging competitions, there will be speaking on the lawn when prominent agriculturists will give addresses.

The proceedings will commence at 1:30 and everyone is welcome, but are asked to bring their own cups.

Can You Beat It?

Reg. Brooker reports that he is eating new potatoes from his garden. He had his first feed on June 29th. Reg. prides himself to be among the first to dig potatoes in any year.

Ed Weber brought a real stalk of rhubarb to the office on Friday. The stem measured 28 inches long and with the leaf it was 46 inches. It measured 5 inches in circumference and weighed 1½ pounds.

URGENTI

Please Stop and Think

A letter has been received by the Town Council of the Town of Didsbury from the Coal Controller, pointing out that a very critical and serious situation has arisen in Didsbury and the surrounding district, which, while not apparent at the present time, will assuredly affect the comfort and welfare of the people in the coming winter.

The Council held a conference Monday night and ascertained that the problem had arisen owing to the fact that the people had been lulled to sleep by the mildness of last winter. Next winter is an unknown quantity. It may be very cold, and if so, and you cannot get coal, will you be able to sleep?

Will the citizens of the town and countryside please wake up to the graveness of the situation. Your only hope is to contact your dealer TO-DAY and make arrangements for your winter's coal. THIS IS MOST IMPERATIVE.

If this warning is not heeded within the next few days, not a week, it will be absolutely necessary to have a system of rationing put into effect. The Council is waiting to hear from you. Your reply should be addressed in care of the coal dealers, by at the very latest, Monday noon, 10th July.

By Order of the

Town Council of Didsbury

Agricultural Conditions

General: More rain is required in the southern part of the province and in the Peace River district. Surface moisture in most of these areas is fair but there is very little reserve. Throughout the remainder of the province moisture is ample, while in certain districts excessive moisture has resulted in flooding of low lying fields and delay in summerfallow operations.

Livestock: Livestock is generally in good condition.

Field Crops: Cereal grains are well advanced throughout the province. Despite lack of rain in the drier areas crops are generally in fair condition. Summerfallowing is general with 50 percent already cultivated. Excess moisture has resulted in flooding in some districts.

No damage to field crops has been reported as a result of frost although gardens in some areas suffered slightly. Little insect damage is noted, but cutworms and grasshoppers are reported at two or three points.

Pasture conditions are generally satisfactory as a result of recent rains.

Sufficient moisture in most areas of Crop District 6, which extends from Calgary to Olds and east and west to the Red Deer River, but very dry conditions are reported from the Rockyford area. Condition of all crops and pastures is good. 20% of the wheat is in the shot blade, and summerfallowing is well advanced. Livestock is reported in fair to good condition.

Didsbury Jottings

By A.C.H.

Our scouts report ruffled mumblings, we mean mean rumblings from the C.C.C. camp; nomination of delegates, or something

After the violent earthquake in Saskatchewan, the sea heifers expect the tidal wave to reach, at least as far as here

We helped stage a room last week, now we can understand it. We mean why Adolf changed the platform you stand on, for the platform you stand for

Someone showed us the year book of the Olds High School, it has the jottings beaten a mile. For instance, this one:

Usher: How far down do you want to sit?"

Lady: "Why, all the way, of course".

Weddings

NOAD—ADMISSSEN

A quiet, but lovely family wedding took place at the Knox United Church, Didsbury, on June 22nd, at 3 p.m., when Edna May, youngest daughter of Mr. and Mrs. Fred Admisson, of Bergen, was united in marriage to Thomas Jenzen, second son of Mr. and Mrs. A. E. Noad, of Olds. Rev. D. Whyte Smith officiated.

Given in marriage by her father, the bride was lovely in a floor-length gown of white sheer, and her veil was held in position by a spray of orange blossoms. She carried a bouquet of American Beauty roses.

Mrs. Stanley McCrae attended her sister, also wearing a floor-length gown of white sheer and a blue finger-tip veil, and carried a profusion of lilacs and geraniums decorated the church.

During the signing of the register, Miss Dora Fawcett sang, "God Give Me You", accompanied on the piano by Miss Margaret Adshad, who also played the wedding marches.

Following the ceremony, a reception was held at the home of Mr. and Mrs. Reid Clarke, brother-in-law and sister of the groom. The spacious living room was decorated for the occasion with spring flowers—lilacs and honeysuckle. Rev. D. Whyte Smith proposed a toast to the bride, to which the groom responded. A delicious buffet luncheon was served by the hostess and her assistants, the Misses Katherine Smith and Marjory Clarke. Mrs. Norman Clarke poured tea.

The same evening a wedding dance was held in the Elk's Hall at Olds. The bride and groom were presented with a purse of silver, as a token of friendship and best wishes from the ones present.

Immediately following the dance, the happy couple left for a two-week's honeymoon to be spent in the mountains and points in B.C. On their return they will reside on the groom's farm east of Olds.

Army Convoy at Didsbury Sunday

A convoy from the Canadian Army Service Corps at Red Deer will, on its way to the Calgary Stampede, stop at Didsbury on Sunday, July 9th, and will park at the Exhibition Grounds. The convoy will be accompanied by the Regimental Band and, with the kind permission of the Commandant, the Officer will, weather permitting, give a band concert for the citizens of Didsbury, from 12:30 p.m. to 1:00 p.m. on the above date.

It is hoped that there will be a good crowd to hear the band concert and see the convoy.

Local Holsteins Sold to Mexico

Last week, F. W. Leeson and Son sold three head of Holstein cattle to be shipped to Mexico. The cattle were sold through Hayes & Co., of Calgary, who have developed quite a market for dairy cattle to Mexico.

Leeson & Son have also shipped three head of the purchased Holsteins to be shown at the Calgary Exhibition next week.

Celebrate Twentieth Wedding Anniversary

On Friday evening, June 30th, a surprise visit was made at the home of Mr. and Mrs. James Hughes, it being their twentieth wedding anniversary.

Mr. Falk acted as master of ceremonies. Mr. J. H. Robertson entertained in his usual style with comic songs. Mrs. Falk and Mr. Robertson told several humorous stories reminiscent of the early days of the bride and groom. Mr. Alec Robertson sang two solos, Mrs. Albert Vogel played a piano solo. Mrs. Falk and Mrs. J. H. Robertson were in charge of the contests.

At the close, a presentation of a sum of money was made to the bride and groom of twenty years, followed by the singing of "For they are jolly good fellows", lunch, and good wishes for many more years of wedded life.

The World of Wheat

by H. G. L. Strange

DEMONSTRATION PLOTS

At most of their elevators of the Companies supporting the "Crop Testing Plan," that is the Searie, Home and Midland & Pacific, will be found growing a Demonstration Plot set up especially for the use of farmers. The plot containing six or seven varieties of wheat, oats, barley and flax, respectively. All the standard varieties are included, and in addition some new varieties as yet unnamed under special numbers.

Every farmer should attempt to visit one of these plots if he can do so, for he will be able to see with his own eyes how the different varieties behave in his own district, and under the special conditions of that district. There is no one variety of any kind of crop that is suitable everywhere in the West, because the soil and the climatic conditions themselves vary greatly, but when one can see the varieties all growing next to each other one can discern with the eye instantly the varieties that do well and those that do poorly in the particular district.

In addition to the Demonstration plots sown by the Elevator Agents, many plots have been sown by county schools. Certainly every farmer, or any other person who takes the trouble to look at these plots, would learn a good deal from them.

Director
Erica Brothers Farm Service

Drought Resistance

Despite the favourable moisture conditions prevailing in the Prairie Provinces during recent years, we must not forget that drought is still the greatest enemy to the production of crops and livestock.

There is no evidence that the amount or seasonal distribution of rainfall can be influenced by man in spite of claims sometimes made by the weather forecasting bureaus. Therefore, all we can do is to make better use of the rainfall we get. Broadly speaking, this is done in three ways. The first involves water-saving devices, such as dams and dugouts for farmstead water supply, and even small-scale irrigation. The second involves tillage practices which prevent or reduce runoff and control weeds.

The third method is concerned with the use of drought-resistant varieties of crops. A drought-resistant crop is one which makes efficient use of a limited supply of moisture. For example, crested wheat grass is drought-resistant; timothy is not. Differences, though smaller, of extremes may be observed between different varieties of wheat. On the open plains, where moisture is usually limited, some varieties yield more than others, but the differences are probably not so great that one can expect wheat grass and timothy. Writers and speakers who offer hope that the drought problem will be solved by resistant varieties as was the rust problem are false prophets. Our wheat breeders will make progress, but it will be slow and gradual. Don't look for a "Russian Thistle" wheat variety.

Alberta Grown Berries Priced

Maximum prices for Alberta grown strawberries and raspberries are established by the Wartime Prices & Trade Board, f.o.b. growers shipping point.

Strawberries, sold by producers to consumers between June 25 and July 15 will be ceiling prices of 16¢ cents a pint box, 29¢ cents a quart box, and 26 cents a pound, when sold in bulk.

Strawberry growers' prices to retailers are set at 13½ cents a pint box, 24½ cents a quart box, and 19½ cents per pound sold in bulk.

Raspberry prices are established for the season. Producer to consumer they may sell at 24½ cents a pint box, 44 cents a quart box, and 35 cents a pound, sold in bulk.

Producer to retailer, prices will be 19½ cents per pint box, 36 cents per quart box, and 29 cents a pound in bulk.

These prices prevail for each of the prairie provinces.

About the "Busy Bees".

The Busy Bees met at the home of Mrs. Pete Luft on June 28, with eight members present.

The afternoon was spent in tying a quilt and cutting pieces for another. Sewing and knitting was returned and more given out.

Mrs. Waldroff invited the Bees to her home for the next meeting, which will be held July 19th.

Lunch was served by our hostess, which brought a pleasant afternoon to a close.

Canning Sugar Coupons Valid

Canning sugar coupons F6, 7, 8, 9, 10 become valid on July 6 for the purchase of five pounds of sugar, according to the Ration Administration. F coupons are found in Ration Book 3. The first group, F15 inclusive, were valid on May 25, and with the second group of canned sugar coupons valid this week, housewives are now enabled to buy their full quota of sugar for canning purposes. Each F coupon is good for one pound of sugar. All F coupons are valid until declared invalid by the Prices Board.

Those who prefer to buy their preserves ready made, to making them themselves, may exchange F coupons for D preserves coupons at any Local Ration Board. The rate of exchange is one D coupon for each F coupon.

Notes From the East.

Mr. and Mrs. C. Nelson and family of Edmonton, are spending their holidays with Mr. Hugh MacLean.

Mr. and Mrs. Fred Nelson of Lacombe, visited Mr. McLean over the Dominion Day holiday.

Mr. and Mrs. H. Dutton, of Drumheller, visited their brother-in-law and sister, Mr. and Mrs. W. E. Stiles, over the holiday.

**Duties Lifted
On Machinery**

Farmers and other consumers purchasing imported agricultural equipment and repair parts will benefit from the government action in removing consumer duties and war exchange on these items as announced in the Budget speech. The Wartime Prices and Trade Board announced that an order had been passed by which importers, wholesalers and dealers are required to pass on to the consumer any reduction in their laid down costs resulting from the government action.

Distributors with stocks of imported farm machinery on hand, on which these duties have already been paid, are allowed to dispose of these implements at current levels until the stocks are liquidated.

The Board points out that these measures will not increase existing supplies of machinery from the United States because they are subject to restricted allocation.

Bergen Notes.

Mr. Henry Nelson is doing some and busting for Irwin Brower.

Miss Ruth Belt is preaching at Bergen after camp meeting.

Rev. A. Eby and family are at the M.V. Bible School at Didsbury, for a while.

Grandpa Davidson, who died one week ago Monday, will be missed at the Bergen Post Office.

School picnics will be all the rage in a few days.

Mr. Ed Ball has moved on the Hugh Ross place near Harmattan.

Wm. Gamble had his first place ride from Edmonton to Dawson Creek, B.C., where he is stationed.

Rebecca Activities

On Friday evening, June 30, Mrs. Wilbur Jahoke and Mrs. Emma Jahnke were joint hostesses for a shower held in honor of the Zella district newlyweds, Mr. and Mrs. George Rindal.

A mock wedding, games and dancing were enjoyed by some 50 friends and neighbors. Many lovely gifts were received by the honored couple.

Congratulations and best wishes go forward to Mr. and Mrs. George Rindal.

INCREASE EGG PRODUCTION

One of the surest methods of increasing egg production is to take every precaution for the health of each bird. One of these precautions is to be sure you have plenty of water for the hens during this time of year, and it will be helpful in stepping up fall production.

Water is cheap, and hens need plenty of it for vigorous health. Water often the feed in their crops, aids in carrying feed through the digestive canal, and dilutes the various digests. It is important to give water to the hen, upsets its normal laying function, which in turn throws off her production.

A hen producing from 120 to 150 eggs will consume about 100 gallons of water in a year. It is known that a bird will not lay well if it lacks water, and from lack of water than any other farm animal. Give your hens plenty of clean, fresh water, and water will help PRODUCTION INCREASE.

Naturally with plenty of fresh water, give your SHUR-GAIN EGG-MAKER LAYING CONCENTRATE to your hens to more than DOUBLE egg production in one year. Your hens will lay all winter long.

SHUR-GAIN EGG-MAKER LAYING CONCENTRATE contains egg making materials, is low in cost, and easy to mix with your own grains. START using SHUR-GAIN EGG-MAKER LAYING CONCENTRATE NOW — FOR PROFIT!

ONE MAN'S INCOME**IS ANOTHER MAN'S****OUTgo...**

If rising prices and costs were allowed to keep pushing each other up, inflation would be unavoidable. That's what inflation is—a panic rise in prices—with money losing its value and confusion everywhere. To prevent inflation, a ceiling has been set on prices and profits,—wages and salaries have been controlled.

SO WE WANT MORE!

If one person demands higher prices—another higher profits—another higher wage or salary—soon everybody would be making the same demands—demands on everyone else.

Then costs of production could not be controlled.

The ceiling could no longer be held.

Living costs would go up—

and **Income OUTgo**

begin their frantic rise.

Bus service has now started between Didsbury and the Highway. Get in touch with V. O. Johnson. Going south at 9:40 a.m. and going north at 9:30 p.m.

ACI and Mrs. B. R. Blough, Miss Mary Wall and Miss Tillie Gertson, all of Calgary, were holiday visitors here last weekend

Mr. and Mrs. L. Devins and Pte. Lorrie and Mrs. Leppington of Calgary, spent the Dominion Day holiday with the D. M. Sinclair family here

Mr. and Mrs. W. McCulloch accompanied their son, Lewis McCulloch, on his return to Vermilion where he is drilling oil wells. They will also visit relatives at Bonnyville.

Mr. Wm. Bundy, a former resident of Vulcan, and a resident of Notch Hill, B.C., for the past six years, passed away at Chester, B.C., on Friday, June 23rd, leaving to mourn his loss his wife (nee Mary McCann), who formerly resided at Didsbury.

Mr. and Mrs. Ed Farmer camped Axell place on the Raven River during the holidays. On Saturday they were joined by Russell Ady and Tom Johnson. They report a big catch of trout, and Ed says for once he had all the fish he could eat.

Mr. and Mrs. C. Jacobson spent Monday in Calgary visiting their nephew, Lee Jacobson, formerly of Didsbury, and who recently returned to Calgary after four years overseas. Lee is a patient in the Col. Belcher Hospital, suffering from a severe eye injury

Mr. W. H. Trow, of Chicago, is visiting his nephew, Mr. H. Morgan.

The members of the Didsbury C.C.F. Club and all supporters are requested to meet at the Wheat Pool office on Saturday, July 8, at 8 p.m. The business of this meeting is to elect delegates to the Didsbury Constituency nominating convention to be held in Acre on July 12. For full particulars see Mr. John E. Liesemer, chairman of the Didsbury C.C.F. Club.

Evangelical Church Notes

The Evangelical Young People's Convention will be held from Tuesday, July 11th, until Sunday, July 16th, at the Alberta Camp 19 miles west of Didsbury. The camp is 1 mile north of Elton Schoolhouse.

The morning services will begin at 8:45. Dr. R. H. Mueller of Cleveland, Ohio, will conduct a Bible study at 10:30 a.m. and at 1:45 p.m. Rev. Robert L. Dunn of Montana, will present a missionary message on South America. Dr. Mueller will bring an evangelistic message each evening at 7:00 p.m. Sgt. Sizemore of Edmonton, will speak on the work of the Kentucky Red Bird Mountain Mission.

A cordial invitation is extended to all to attend.

Regular services will be held on Sunday, with the morning service at 10:30 and the evening service at 7:30 p.m.

Children's Day will be observed at Bethel at 2 p.m.

Notes From the West.

The Willing Workers met at the home of Mrs. Radke last Friday and packed ten parcels for local boys overseas. The next meeting will be Tuesday, July 18, at the home of Mrs. Roynn.

Mr. and Mrs. E. Fisher visited the latter's parents on Monday

LAC Colin Hogg arrived from Yorkton on Monday leave

Mr. and Mrs. E. Parker arrived from McFarlane while Mr. McFarlane is at the coast.

Mr. and Mrs. Doug Hosegood left Friday for a camping trip in the mountains.

Mr. Dan Russell is visiting with relatives and friends in Ontario for a few weeks.

Notice.

It has been found that persons, who are driving on the race track when the track is soft, owing to wet weather, are doing damage to same.

This has led the Council to decide to prohibit all racing from driving on the race track, at any time

BY ORDER OF
THE COUNCIL

Notice.

**Municipal District Of
Mountain View No. 310.**

Your attention is drawn to Sec. 17 of the Noxious Weeds Act, R-3A, 1942.

"It shall be the duty of every person who is the owner of any parcel of land and of every person who has any beneficial interest in any parcel of land, and of every lessee, tenant or occupant of any parcel of land to prevent any noxious weeds from growing upon such parcel of land, and to comply with all the provisions of this Act for the destruction thereof.

"Land" means and includes not only all lands owned or occupied or controlled by any person, but for the purpose of this Act, also means and includes the land up to the centre line of all contiguous roads or road allowances."

Your compliance with this Act regarding weeds on road allowances is especially requested.

STANLEY HODGSON
Weed Inspector,
Olds, Alberta.
